

New Permanent Makeup Available at Schenden's Spa in Troy
TROY, LAKE ORION, ORION TWP MICHIGAN, June 18, 2008 —

Schenden's Spa in Troy has purchased a new Nouveau Contour Intelligent digital permanent makeup machine. "This machine gives our clients optimal pigment application and retention for the best results. It is quicker and requires fewer touch ups than other machines on the market," says Rozaila Palak, medical aesthetician.

"Many women have uneven, or sparse eyebrows due to over plucking or natural aging, my clients do not have to draw on eyebrows. Permanent makeup creates beautiful, symmetrical eyebrows." Schenden's Spas clients can also choose permanent eyeliner to enhance the shape of the eye and create an open, fresh look 24/7. "We can choose a subtle look or dramatic thick eyeliner," says Palak. Palak has worked with Michael J. Schenden, MD for years. "When Dr. Schenden performs breast reconstruction for cancer patients, I use permanent makeup for areola restoration. Offering eyebrows and eyeliner to our spa clients was a natural extension of Dr. Schenden's surgical work."

Anyone desiring a natural enhancement to their appearance is a candidate for permanent makeup but elderly women who find it difficult to apply makeup due to arthritis or vision limitations have proven most appreciative of the service. "Of course clients bring in pictures of actresses and models," says Palak, "whatever helps you explain the look you're going for will help in a consultation."
